

Helpful Hints ** Please note you must have *Adobe* software to view these files

This database contains the digitized archives of the *Colorado Catholic* from 1892-1898 and the *Denver Catholic Register* from March 17, 1900 to present, (Various months between 1902 and 1911 are missing as the issues simply don't exist) and *El Pueblo* from 2005-present.

To do a **Keyword** search type in the term and hit enter. Please note this will pull up **all** results where that term is found.

Please don't use abbreviations such as "St." for Saint, spell the word out completely for better results.

If you are searching for parish information it is best to search by not only the name of the parish but also by the city, town, or neighborhood the church exists in.

To narrow down your search use **exact phrase** this type of search will work best when trying to locate information on a specific person, parish or school

Once you have received results from your search click on the highlighted date after **Details** to view your article. A note about the highlighted dates those that have **DCR000000.pdf** are more recent issues of the *Denver Catholic Register* and the numbers refer to the **month, day and year** the issue came out. Those that have **00-0000.pdf** are files that were digitized from microfilm and the numbers refer to the **month and year** where the term was found

The files are all in a PDF format and can easily be printed, emailed or searched for further information.

At this time a search by date is not currently available
